

SAFE!

U.S. AIR TRAVEL

U.S. AIRLINE SAFETY RECORD - EXCELLENT

0

ZERO fatalities
from
commercial
passenger
crashes in 10 of
the last 12
years; and only
2 fatalities in
the last 12 years

2

U.S. AIRLINES SAFE AS MILES TRAVELED INCREASING

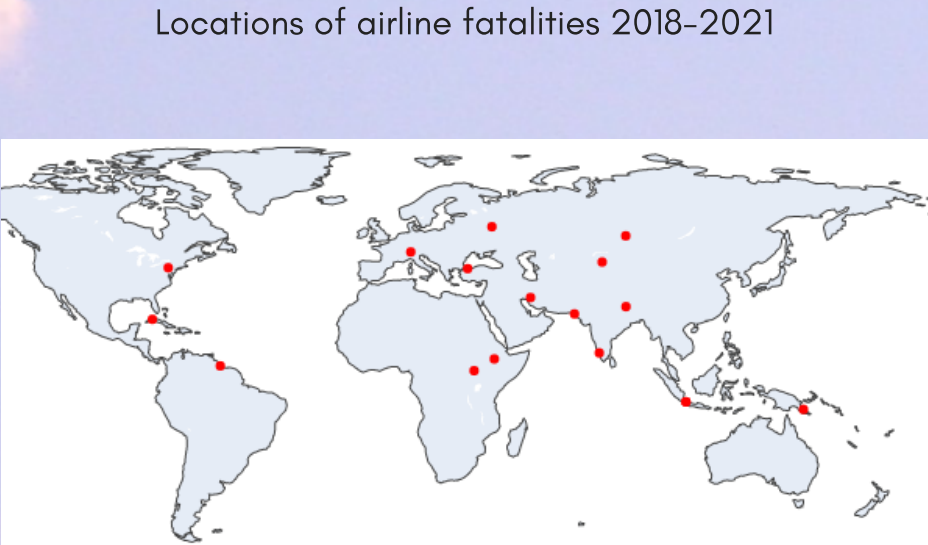

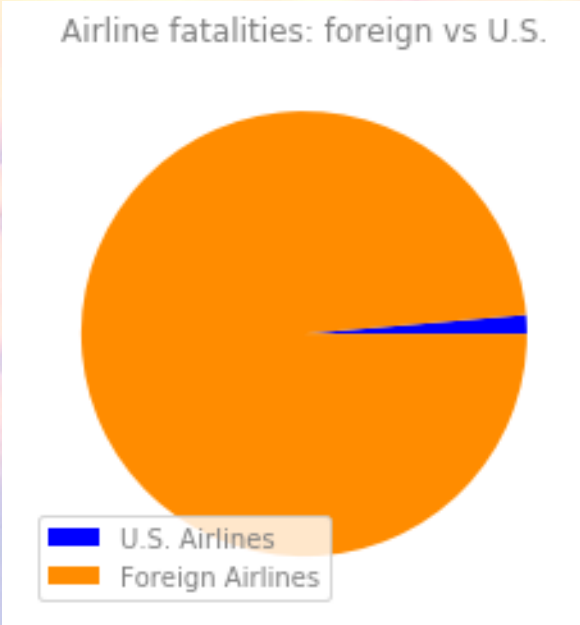

37.8%

Air passenger miles

U.S. air fatalities
stay low as
miles flown
rapidly
increase.

Actually, Foreign Airline Fatalities Cause Media Attention

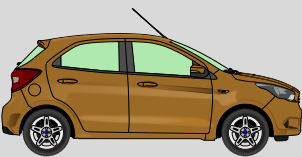

AIR TRAVEL IS SAFER THAN AUTOMOBILE TRAVEL

103.4

SAFER
than

per the same miles traveled
over the last 10 years

Air
Travel

1.5

Automobile Travel

113.1

average FATALITIES per the same
miles traveled over the last 10 years
